# IW-ConSec

1st International Workshop
on Consumer Cyber Security
http://iwconsec.di.unisa.it
Naples, 16-18 September 2019

The scope of the 1st International Workshop on Consumer Cyber Security is bringing together different approaches, experiences and sensitivities involved in the field of cyber security into a multidisciplinary discussion on the state-of-art of consumer cyber security technologies and practices, goals, and forthcoming challenges.

To this end, IW-ConSec is open to the contributions by researchers and operators from academia, industry and governmental institutions involved in researches on cyber security and privacy, Human-Computer Interaction, Computer Science Education, and Law Enforcement.

**Topics of interest include, but are not limited to:**
- Mobile security at large, including Mobile Applications security
- Security concerns in computer science education
- Law enforcement practices and uses of Digital Forensics Tools
- Limitation of collection and use of consumers information
- Malware detection and prevention
- Domestic appliances security
- Biometric powered security at home
- Privacy issues in Social Networks and media service providers
- Security & privacy threats related to virtual assistants
- Protecting data flows from sensors, wearable and IoT devices
- Online frauds
- Cryptocurrencies issues
- Online gaming
- Identity theft and illicit diffusion of personal data

**Instruction for authors**
Submission of original papers addressing work in progress, preliminary studies, and experience reports is welcome, along with presentations of recent advances and preliminary results obtained in the context of ongoing projects.
Submission instructions can be found at the main conference's submission page at: https://iwconsec.di.unisa.it/call-for-papers/

Accepted papers will be published by Springer CCIS Series, indexed in both Scopus and ISI Web of Science. All submitted papers must be formatted according to the Springer CCIS template, available at: https://www.springer.com/gp/computer-science/lncs/conference-proceedings-guidelines , and must not exceed 8 pages including bibliography and appendices.

**Important Dates**
- Submission open: April 15, 2019
- Submission due: ~~May 10, 2019~~ May 31, 2019
- Notification to author: June 7, 2019
- Final paper due: June 28, 2019

**Organizing Committee**
Dr. Andrea Bruno, Università degli Studi di Salerno (Co-Chair)
Dr. Luigi Catuogno, Università degli Studi di Salerno (Co-Chair)

**The 1st IW-ConSec will be held in Naples, Italy in conjunction with the 16th International Symposium on Pervasive Systems, Algorithms and Networks (I-SPAN 2019)**
